

Armstrong Elementary School

Kindergarten Preview/Orientation

April 1, 2025

9-11:00

Incoming kindergarteners who turn 5 by September 30th are invited with their parents, to attend kindergarten preview. Meet the principal, assistant principals, counselor, kindergarten teachers, special educators, and instructional assistants.

Students will take a school bus ride, participate in a PE activity with the PE teachers, listen to a story in the library by our librarian, and play and do activities in the kindergarten classrooms.

We can't wait to meet you and your child at orientation! It is going to be a great year!

If you have not registered your kindergartener for the upcoming 2025-2026 school year, [IT'S TIME!](#)

Eligible children can be registered throughout the summer, but registering your child early helps schools prepare and ensure they have the teachers and resources on hand that they need on the first day of school.
